

## CREATE A SMALL FUN ART QUILT

### Requirements List:

- Sewing kit to include, safety pins approximately 2cms long, ordinary pins, small sharp scissors, rotary cutter and small cutting mat to square up in preparation for applying the facing.
- Approximately 14" x 14" plain white or cream homespun fabric as the quilt top, a one sided fusible batting or pellaon cut 1" larger than quilt top, backing fabric of choice cut slightly larger than the batting. Please do not secure pellaon prior to the class.
- Thread of choice while noting that for this project I used black, grey and brown polyester threads as I prefer the slight sheen of a polyester thread.
- Spray Starch
- A sheet of baking paper approximately the size of the quilt top.
- A packet of cheap non coloured tissue paper
- A small packet of Crayola Crayons or other types of fabric markers you may have. I used yellows browns and greys. Of note a small sample of colouring product will be available at the time of the class.
- Any type of fur wool/fluff for lions main.
